

SEEDING FERTILIZATION

Mechanical Grain Seed Drill

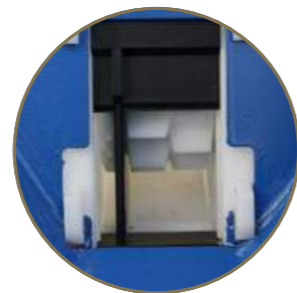

NSD-4 Series

- Direct seeding option with adjustable pressure unit
- Disc, axe and hoe coulters types
- Micro fertiliser application as an option

Product Description

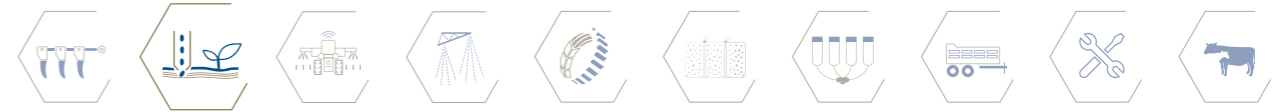

Spring tines offers machine safety

Wide-range seed spectrum

Easy to adjust seeding rate

Mechanical Grain Seed Drill

Technical Details

NSD-4	1	2	3	4
Working Width (cm)	237	275	312.5	350
Transport Width (cm)	270	307	345	382
Required Tractor Power (hp)	70-80	80-100	80-100	90-110
Height (cm)	180	180	180	180
Weight (kg)	897-1130*	1037-1291*	1180-1449*	1321-1607*
Volume of Seed Hopper (L)	260	304	350	390
Volume of Fertiliser Hopper (L)	270	290	340	370
Distance Between Coulters (cm)	12,5	12,5	12,5	12,5
Number of Seed Coulter	19	22	25	28
Options				
Hoe, disc and axe coulters type Fertiliser hopper				
Footnotes				
*Weight with fertiliser hopper
